

Warranty Card

fermacell[®]

Conditions and Qualification of the impact warranty

All **fermacell** Gypsum Fibreboards installed as a complete system, as specified in accordance with the company's English Edition of the Orange book (in the version applicable at the date of installation) are covered by this warranty from the issue date of the warranty card for a period of 20 years.

To activate the warranty, a copy of the invoice and details of the tradesmen carrying out the work (full name, company, e-mail and contact number) must be sent to: warranty-fermacell.uk@xella.com. You will then receive a warranty card which you will need to save with the invoice.

The warranty is valid for buildings anywhere in the UK or Ireland if the following conditions are met:

- The system must comprise the use of only genuine **fermacell** boards, **fermacell** steel profiles and **fermacell** accessories.
- The installation work has been carried out by a recommended fermacell contractor in accor-

dance with fermacell approved installation methods.

- On completion a fermacell impact warranty certificate has been applied for and issued.
- Damage has not been caused by natural disasters such as flood, fire or earth quake.
- Damage is not the result of structural movement (subsidence) of the building.
- Damage is not the result of wilful, deliberate action.
- Damage is not a result of modifications made to the partition after installation, except where authorised by fermacell.
- You permit us to investigate any claim, which must be reported to us in writing as soon as possible.

Subject to these conditions, fermacell warrants that the partitions will not suffer through impact damage during the normal usage expected in the building and should impact damage occur to them then fermacell will either supply the materials to effect a repair to the impact damaged boards together with the associated instruction or, at its option, supply replacement boards.

fermacell (except in the case of harm to persons caused by its own negligence and/or fraud) does not accept responsibility for labour costs, for the costs of redecoration or for third party claims, economic, consequential or indirect loss or damage.
